

2003 4.6L-4V TERMINATOR

This diagram illustrates the exploded view of a 2003 4.6L-4V Terminator engine assembly. The components are labeled with part numbers and quantities required for each assembly step. The diagram shows the engine block, cylinder head, intake manifold, timing belt, and various accessories like the alternator, water pump, and pulleys. The following table lists the part numbers and quantities shown in the diagram:

Part Number	Quantity	Part Number	Quantity
N620480	(FR 93)	6A946	(FR 93)
